

Hello Mr. Cassaro,

We intend to answer all emails that aren't of a juvenile nature.

We are a group of residents that support the K2 project so that the water shortages that have plagued this community can be put behind us. We are in no way affiliated with Brooke, PWCo, or SWCo. Our support for increasing the water supply does not mean that we like or support other actions that Brooke has taken or may take in the future. Our goal is to have water come from our faucets when we want it to, not when the restrictions say it can.

Mr. Bossert makes a serious charge. His claim states that his supervisor, Mr. Allred, instructed him to do what he did. That, in and of itself, does not mean that Mr. Hardcastle knew about it. Mr. Pugel's lawyer certainly want to create that impression.

In America, people typically want to hear both sides before they form an opinion. Mr. Allred needs to give his side of the story and others need to be allowed to question Mr. Bossert.

A successful K2 well will eliminate all of the water hauling finger pointing that has become such a prominent past-time in our community.

Sam Schwalm

Hello I am not sure who in Your organization reads these EMAIL messages ,  
Bernice , Toni , John B. etc. etc. etc.

I guess I am OVERLOOKING something very important because I CAN NOT  
understand how ANYONE could possibly want to do business with a Man that is  
"Borderline Criminal"!

After reading the attached testimony , perhaps I should eliminate the  
"Borderline" from My question !

A favor of a reply would be appreciated , however I won't hold My breath ! Bob  
Cassaro
