Total	25.29	25.64

This Thanksgiving we were thankful for the 3-day storm (see storm profile below) which delivered 2.15 inches of rain. Before November 26th, we had only 1/10 of an inch for the month which has an average of 1.90 inches in this Rim area. According to NOAA/NWS Climate Prediction Center (www.cpc.ncep.noaa.gov), the next 3-months (Dec.-Jan.-Feb.) has a below average precipitation probability. Prepared by Wes Suhr
