

PINE-STRAWBERRY WATER IMPROVEMENT DISTRICT

April 21, 2010

Solitude Trails Water Improvement Dist.
c/o LuAnn Thornell
933 South Reseda
Mesa, AZ 85206
Attention: Mark Fumusa-Chairman of the Board

Dear Mark Fumusa,

As indicated to your several months ago, the PSWID Board had committed to review the economic terms of the Water Share Agreements with you and our other water suppliers.

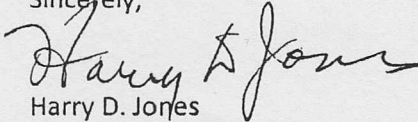

At the April 17, 2010 Board meeting, to be more fair and to show support for our water suppliers, the Board passed a resolution to keep your payments at \$1.00 per 1000 gallons. In addition, PSWID will take over the Electric & Maintenance Bills for the pumps and other equipment located on your property. PSWID did receive your letter of authorization to transfer this service from Solitude Trails to PSWID, we have forwarded this authorization directly to the APS office.

In addition PSWID will also remove all of Section 2.6 from the original agreement which is referenced in the recorded document #96-020079 which was recorded on December 11, 1996. This should eliminate the "Last Lot provision".

To be more fair over the future years that your agreement is in force, the district will increase the \$1.00/pr 1000 gallon rate as the consumer price index changes beginning 7-1-2011.

Two copies of this letter is enclosed. Please keep one copy for your records and return a signed copy to our office. We have enclosed a self addressed stamped envelope for your convenience. Thank you in advance for your prompt attention to this matter.

Sincerely,

Harry D. Jones
District Manager

I Mark J. Fumusa as an authorized representative of Solitude Trails Water Improvement Dist agree to the above referenced changes in the water share agreement.
