Summary	66.9	89.7	6	48.4	13	1.02	6	0.7	24	29	SSW

September 2008 storms delivered about half of the normal September rainfall (2.12") for this area of the Rim. Payson has about the same September average, but received only 0.23" this September. Note the highest rain rate of 6 inches/hour during the Sep. 26th storm which came in from the East and delivered a blanket of hail at this weather station. The lower monthly chart shows where 2008 stands compared to the average year.
