Honorable Tom Weeks:

Four years ago, I agree to serve the District in it's efforts to secure an adequate water supply for the community by becoming a member of the District Board of Directors. Since then, we have accomplished much, as evidenced by the fact that we exist as a public utility today. I am very proud to be a part of these accomplishments.

However, in recent months, several members of this Board have chosen to pursue a different direction in the formation of the utility and addressing the pressing issues of the day. While I agree with the end goals, I do not agree with the means. I do not wish to be associated with actions that have been and will likely be detrimental to the property owners within the District well into the future. Therefore, I am submitting my resignation as a member of this Board, effective immediately.

I urge the community to continue to closely monitor the actions of the Board, ask lots of questions, and do not simply accept any Board actions that you believe are not in the best interest of the entire community.

Hoping for a Better Future,

William F. Haney, P.E.
